Hi All.

As you may recall, we decided to discuss at our next meeting any input regulators may have on the permitting process for Portland Gas Mfg based on their presentation and review of sections of the FS.

It is available here:

Personal Privacy / Ex. 6

We will put together the input and send to NW Natural/Anchor following our meeting on Apr 21st. So, if you haven't yet thought about the presentation of looked at the FS, this is your reminder to do so in preparation for our meeting in 1 week.

Thanks.
